About me

I am a Web Designer with passion for web composition, UX/UI, and motion graphics. Professional, detail-oriented, responsible, enthusiastic, and perfectionist. I have extensive experience in creating digital layouts, templates, and UI elements for web projects, as well as designing interactive user-centered designs.
With expertise in Adobe Creative Suite, particularly Figma, and a strong understanding of HTML5/CSS, I have successfully executed web design projects for various clients.

As a person, I am hardworking, enthusiastic, solution-oriented, curious, and fast-learning. I am also passionate about web design trends, technology, and innovation. I am eager to collaborate with creative, hardworking, and inspiring individuals who share my passion for web design and digital innovation.

Work experience

Graphic designer • Anchovy (9h)

Digital agency
07/2023 - 09/2023 • Malta, Remote

- Collaborated with the design team to create innovative and visually appealing content for diverse stakeholders, including social media posts, animations, and reels.
